**Talent Bio**

My friends and I met in college! We attended the same school and have been through thick and thin; weddings, breakups, moving across the globe, major losses and major wins. We are all in the entertainment industry and love keeping each other up to date on the latest beauty hacks and trends. As creative ladies we thrive in environments where we can experiment and bring a sense of play to whatever scenario we're in. Our favorite thing to do together is throw on a face mask and a good movie and laugh and cry our hearts out. Thanks so much for considering us!
